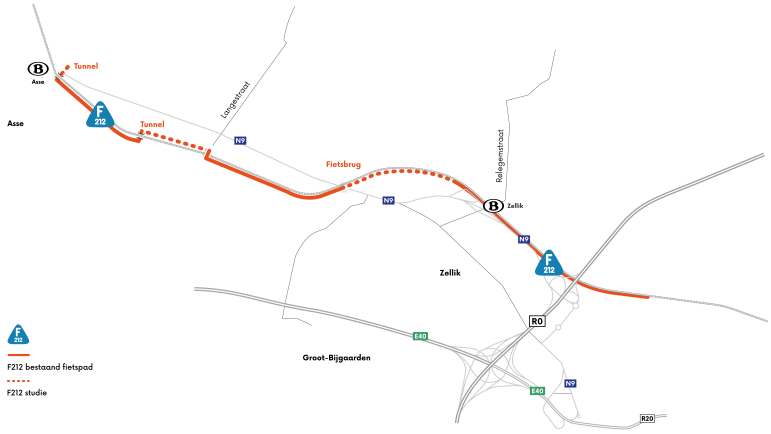
04-2025

Project website
Fietssnelweg F212



Binnen het project Werken aan de Ring vervolledigen we de fietssnelweg F212 door drie kunstwerken te bouwen om zowel de spoorlijn en Brusselsesteenweg veilig te kruisen:

- Fiets- en voetgangerstunnel onder het station van Asse,
- Fiets- en voetgangerstunnel onder de sporen en de Brusselsesteenweg (N9) aan de schoolomgeving Walfergem,
- Fiets- en voetgangersbrug over de Brusselsesteenweg (N9) in Zellik.

website

Willemen Infra is a leading, Belgian road construction company with a regional presence in both Flanders and Wallonia. An important asset is that we have all aspects of the construction process under our own management and thus fully control the execution. Moreover, our team of 1,000 well-trained and experienced employees are willing to work at night and over the weekend to make sure they get everything done in time. In addition, thanks to our own COPRO and CSC-certified production and recycling sites, we are one of the leading producers for asphalt and road concrete.
