Demolition and reconstruction of the 'Ecole de l'Ouest' in Lodelinsart. We installled temporary modules during the works.

The works took a year and a half to complete. The building comprises 5 kindergarten classrooms, 6 primary school classrooms, a courtyard, play areas, a sports hall and a janitorial service. The total surface of the building is 1,325 m² for a total volume of 9,275 m³. The surrounds were also part of our assignment.
