Parking building AZ Delta - Roeselare

Project Details

Activities
Civil Engineering
Parkings
Road construction
General roadworks

Contractors
Willemen Construct
Willemen Infra

location
Wilgenstraat 2
8800 Roeselare Belgium
West-Vlaanderen BE

Client
AZ Delta

Engineering Office
VK Engineering

Construction period
1 year 1 month

Start work
05-2019

End of work
06-2020

Franki Construct built the parking building for doctors and staff on the AZ Delta campus in Roeselare. The parking area on the superstructure and the ground floor together accommodate 800 cars.

The building consists of a concrete structure finished with wooden cladding. The structure includes an open building layer of 100m by 120m on top of an existing car park.

Willemen Infra carried out the infrastructure and environmental works on the campus.

Willemen Infra is a leading, Belgian road construction company with a regional presence in both Flanders and Wallonia. An important asset is that we have all aspects of the construction process under our own management and thus fully control the execution. Moreover, our team of 1,000 well-trained and experienced employees are willing to work at night and over the weekend to make sure they get everything done in time. In addition, thanks to our own COPRO-certified production and recycling sites, we are one of the leading producers for asphalt and road concrete.
