LingK

Surface area above ground

12 270m²

Start work

09-2021

Design & Build of a logistics centre for Estée Lauder with a total surface area of approx. 12,270 m².

The building will have three levels with offices with 60 places and the possibility to extend with another 75 places. Furthermore, the building includes meeting rooms and a warehouse with four loading docks and floors adapted for buffer stacking. A conveyor belt connects the future warehouse with the existing Estée Lauder buildings. We are also responsible for the surrounding construction with sewerage and car park.
