# **Antwerpen-Zuid Station - Antwerp**

## **Project Details**

#### **Activities**

Civil Engineering Railway infrastructure & stations

### Contractors

Franki Construct

#### location

Kolonel Silvertopstraat 2020 Antwerpen Belgium Antwerpen BE

> **Client** NMBS

**Architects** 

**NMBS** 

**Engineering Office** 

NMBS

Construction period 2 years 7 months

Start work

11-2022

End of work

06-2025

The existing accesses (concrete stairs and escalators) to the platforms in Antwerp South station will be demolished and replaced by a bicycle lift and precast concrete stairs.

We are also building a new bridge with on-site poured abutments, piers and lift shafts topped by precast concrete girders. Once completed, the annexed bridge will serve as a covered bicycle shed.

A special feature of the project is the train environment, which will involve a lot of phasing and weekend work

### Franki Construct

Kartuizersweg 1 2550 Kontich (Belgium) tel +32 3 821 16 80 FCVINFO@franki.be www.franki.be
