Award 2019 - Green Building

#### Construction period

3 years 3 months

#### Start work

08-2014

The Belgian embassy in the Congolese capital has been in use since autumn 2017. With 5,400 m<sup>2</sup> of office space, the embassy is Belgium's largest diplomatic post abroad. Part of the building is intended for diplomats from the Netherlands and Luxembourg. The construction of the embassy was our very first project on African soil. Our group has since added several reference projects on the continent.

### Willemen Construct

Boerenkrijgstraat 133  
2800 Mechelen (Belgium)  
tel +32 15 56 99 65  
willemen@willemen.be
